Product Note

Mako – News in Ocean Next Release v5.1.0.0

Release information

Release date	2026-11-27
Release name	Ocean Next v5.1.0.0
Firmware version	1.8.0
Mako DLL	1.6.93.0

Note: This firmware version does not work with old versions of Ocean 2014, or other RTI software tools, including QABrowser. See also document, *PN_Ocean_Next-v5.1.0.0_Pir_002_Compatibility_Chart_Public*.

Mako, the most accurate, efficient and versatile X-ray meter ever. The next-generation multimodality X-ray meter has market-leading accuracy (±1.5 % kVp uncertainty) thanks to innovative new detector technology. Centered around efficiency, Mako provides the ultimate no-fuss experience, simple setup in all X-ray applications, and fully wireless capability.

The modular, future-proof system design provides ultimate configuration flexibility, with the widest-ever application range for X-ray Quality Assurance testing.

This release includes new Mako firmware v1.8.0 with the following improvements:

- Support for iPhone, so the Mako can be used with the RTI Mako Display App on iPhone as well as on Android.
- Several further improvements and fixes.

Known Limitations

None.

For further information about limitations and resolved problems, see product note *PN_Ocean_Next-v5.1.0.0_Ocean*.
