RTI Academy

Get the very best out of your RTI X-ray QA solution

RTI Academy offers video and classroom-based product and application training.

The combination of classroom and hands-on training enhances the learning process, and lets participants develop new X-ray QA skills.

The Academy also offers customized training packages for specific skills development, as well as focused workshops, to improve QA procedures that lead to savings in both cost and time.

Contact us today to find out how to get the very best out of your RTI X-ray QA solution.

Onsite training courses

Scheduled training courses and sessions are held at all RTI locations with access to X-ray labs and experienced staff. However, sometimes it is more efficient to run the training at the customer site.

Classroom training courses

Location: RTI Group Headquarters, Mölndal, Sweden.

Piranha Basic Training

One-day training for first-time users to get familiar with their Piranha. The theory is interlaced with hands-on in the lab. Ocean software Basic Training is included.

Cobia Basic Training

One-day training for first-time users to get familiar with their Cobia. The theory is interlaced with hands-on in the lab. Ocean software Basic Training is included.

Ocean Next™ Basic Training

Half-day training for beginners who want to get an overview of how Ocean software can help in their QA processes. Theory and hands-on in the lab.

Ocean Next™ Advanced Training

Two-day theoretical and practical training in Ocean software template design. As part of the training, the templates are tested in the lab for realistic evaluation.

Online courses

Free of charge introductory offer!

Visit <https://rtigroup.com/rti-support/online-training/> to find out more about our free, online training courses for the Ocean Next™ software, Piranha, and Cobia solutions.

Please use the codes listed when signing up for the online training.
